CENTRALIZATION OF FLIGHT PLAN MANAGEMENT IN CABO VERDE

As part of the ongoing modernization of the Cabo Verde Aeronautical Information Systems, the management of flight plans was centralized June 17th 2024.

The purpose of this circular is to inform all interested parties about some updates in addressing flight plan messages, **effective from July 08th 2024.**

This AIC supersedes AIC A02/2024

Addressing of flight plan messages:

All flight (IFR/VFR) movement messages related to traffic with DESTINATION to any of the International Airports located within the SAL TMA shall be addressed to the AFTN addresses:

GVSCZPZN – GVACFDPX – GVACYSYX

All flight (IFR/VFR) movement messages related to traffic DEPARTING from any of the International Airports located within the SAL TMA shall be addressed only to the AFTN address:

GVSCZPZN

All flight (IFR/VFR) movement messages related to traffic OVERFLYING SAL OCEANIC FIR/UIR shall be addressed to the AFTN addresses:

GVACFDPX – GVACYSYX

Note: This supersedes the addresses previously stated in the Cabo Verde eAIP ENR 1.10 and 1.11.

Place and methods for Submission of Flight Plans messages

Flight plan messages, related to traffic <u>departing from any of the International Airports located within the SAL TMA</u> , can be submitted via the following methods:

1. **AFTN:** addressed to **GVSCZPZN**
2. **Web Portal**: Submitted via our new portal at https://aviweb.asa.cv/AviWeb/
3. **Telephone:** +238 2412090

Portal AviWeb

To further facilitate the FPL submission process, self-briefing workstations (for using **AviWeb**) will be available at the following Cabo Verde International Airports:

- Amílcar Cabral International Airport (GVAC)
- Nelson Mandela International Airport (GVNP)
- Aristides Pereira International Airport (GVBA)
- Cesária Évora International Airport (GVSV)

These workstations will enable users to access the following services:

- **FPL Filling**
- **FPL Manager**, for managing **Processed**, **Unprocessed** and **Rejected** Flight Plans
- **Briefing**, to request:
  - Aerodrome Briefing;
  - Special Area Briefing;
  - Normal Route Briefing, and,
  - Narrow Route Briefing.
- **External links** (to access external webpages of interest)

  Note: *Using AviWeb requires subscription (free of charge), which can be done on the page itself.*

Review and Update of Aeronautical Information Publication

Cabo Verde is committed to reviewing and updating the existing Aeronautical Information Publication (AIP) as soon as possible. This update will reflect the new operating model of the centralized flight plan processing system.

For any further information or assistance, please contact the Cabo Verde Aeronautical Information Management Service:

- Email: sgia.nof@asa.cv or sgia@asa.cv
- Telephone: +238 2412090
- Mobile Phone: +238 9925297

We appreciate your cooperation and understanding during this transition period.
